

TOY DRIVE: Miners with a heart of gold

Vancouver-based mining companies won't let tough economic conditions get in the way of providing Christmas joy for kids. Seven mining companies donated 163 toys for an annual toy drive for the Lower Mainland Christmas Bureau — twice as many as last year and the drive's best year ever. The lucky seven also raised \$1,310 in cash — up from \$750 last year. Art Ulm (left) of the Lower Mainland Christmas Bureau takes delivery of the Yule goods from Nancy Curry of Diamonds North Resources. Participating companies were Diamonds North, Bayswater Uranium, Exeter Resources, Fjordland Exploration, Formation Capital, Serengeti Resources and Uranium North.
